

WORLD-CLASS SQUASH PROGRAMMES WITH SOMETHING FOR EVERYONE

Kiwi Squash

Using games rather than formal routines, Kiwi Squash is the national starter squash programme for New Zealand primary and intermediate school-aged children (5-12 years).

Kiwi Squash offers a fun holistic experience for children wanting to get involved in squash and develops fundamental movement skills, improves speed and agility, progresses general movement, squash coordination, technique and strategy.

Squash Ignite

Squash Ignite is an easy way for teenagers (13-18 years) to be introduced to the game of squash in a fun, social group programme that can be tailored for boys or girls only.

Squash Ignite teaches players how to serve, rally and play from their very first session; and helps them form connections with others so they have a group of people at the same level with whom to play.

Social Slam

Social Slam is an easy way for beginner adults (18-35 years) to be introduced to the game of squash in a fun, social group programme.

Social Slam teaches players how to serve, rally and play from their very first session; and helps them form connections with others so they have a group of people at the same level with whom to play.

Squash Mates

Squash Mates is an extremely fun way to play squash with family members, friends and colleagues over the course of 4-8 weeks.

It offers an active and entertaining social squash league in groups, whilst at the same time offering sufficient on court time to allow players to achieve success and receive the many benefits playing squash offers.

Women's Squash

Women's Squash is an easy way for females of all ages and abilities to be introduced to the game of squash in a fun, social group programme with their peers.

Women's Squash provides an active and fun introduction to playing squash in groups, whilst at the same time offering sufficient learning and practice time in each session to allow players to achieve success and receive the many benefits playing squash offers.

SquashFit

SquashFit takes place on squash courts and is a fun, social, group squash-fitness programme for people of all ages and abilities.

It is a high energy fitness activity that combines the best features of the sport of squash with cardiovascular exercise, delivering the ultimate, full body, calorie burning aerobic workout. You will feel better and your hand-eye coordination, squash skills and health and fitness levels will also increase.

Squash 57

Squash 57 (formerly Racketball) uses a slightly larger racket and a bigger bouncier ball.

This encourages an easy to adopt form of squash, and allows longer rallies at a slower pace. Although it may be considered a lighter version of the game, it is great fun, offers a great workout and is ideal for beginners, those advancing in years or anyone wanting something a little different.
